Santa Clara County Airport Commission Meeting  
Tuesday, June 3, 2025  
6 PM Pacific Daylight Time

Santa Clara County has made a commitment to sell G100UL fuel and insists that it is a safe and viable alternative to 100LL. Despite this, engine and aircraft manufacturers have determined that the fuel is not approved for use in their aircraft and sales have evaporated.

Here is your opportunity to hear first hand what G100UL is all about as presentations will be made by George Braly, Founder of GAMI and Mike Luvara, A&P. YOU can participate via zoom - link below.

#### Regular Agenda - Items for Discussion

4. Consider recommendations relating to General Aviation Modification, Inc. (GAMI) G100UL unleaded fuel. (ID# 125004)

Possible action:

- a. Receive verbal report from George Braly, Founder, GAMI relating to G100 UL unleaded fuel.
- b. Receive verbal report from Michael Luvara relating to G100 UL unleaded fuel.
- c. Discuss and approve forwarding recommendations to the Board of Supervisors through the Housing, Land Use, Environment, and Transportation Committee.

Before the meeting, review the agenda packet at the link below. It contains a great deal of information on the effects of G100UL on aircraft in actual use. In addition, there will be more in the presentations.
